

VACANT PROPERTY ALARM SYSTEM

Overview

Our vacant property alarm system provides customers with the peace of mind that empty property is safe and secure, and most importantly, helping to retain its value and meeting insurance compliance requirements. Every system is supplied with a flood sensor, smoke sensor and several passive inferred sensors to detect movement.

As well as internal sensors we can also provide external sensors to protect any outside space or out building.

No telephone line or electrical supply needed

Temporary alarm with verified confirmation

Proven to be more cost effective than manned guarding

Monitors entire building

Intruders immediately detected

Short or long term hire available
