

## VACANT PROPERTY CCTV

### Overview

No matter whether it's your vacant business premises or site we all take comfort in knowing that what we care about is safe and secure. You may not be able to be on guard 24 hours a day, but, thanks to CCTV cameras, you can protect what matters to you, without the on-going expense of employing a security guard. This also provides a visible deterrent to intruders and is monitored 24 hours a day by fully trained staff.

24 hour monitoring

All surveillance is recorded and can be used as evidence

Pan and tilt cameras available

Log-in anytime to see your property

Can be integrated with sensors to provide more protection

Proven to be more cost effective than manned guarding

Visual deterrent

Nationwide service

Available for hire and purchase
